DRAFT MATTERS

LOCAL EXEMPTION BOARD IS SWAMPED WITH THE WORK OF REGISTRATION

Members of the local Exemption Board and members of the Legal Advisory Board were fairly swamped with work yesterday. There were not enough to serve registrants as fast as they arrived with their Questionnaires and it was fortunate they had so comfortable a place to await their turns. Among those who assisted registrants with Questionnaires were S. W. Shaul, Claud Andrews, D. R. Jackson, W. E. Evans, Olin Spencer, F. L. Muhleman, Harry Hall, Theo Peirce and A. R. Killgore.

Letters from Adjutant General Borree at Sacramento indicate that conferences of medical examiners and medical examining Boards will be called for the afternoon of September 25th in San Francisco and Los Angeles. The Department will allow expenses for one examiner from each local Board. Other examiners who pay their own expenses will be permitted to attend. These conferences, it is declared, will be of the utmost importance and will do much toward clarifying in the minds of the medical examiners such matters in doubt as have caused errors in their examinations and that have been responsible for a certain number of rejections at Camps. The local boards are requested to urge their medical examiners to attend these conferences.

Another letter from Adjutant General Borree issues a warning in regard to the so-called medical service corps and states that membership in that corps does not create a medical status and does not affect therefore the status of registrants before the selective service law. Resignation of medical members of the selective service boards based on membership in the Volunteer Medical Service Corps will not be accepted.

The State Commission of Immigration and Housing has offered to cooperate with local boards and Legal Advisory Boards in every manner in which they can aid. Local boards are asked to direct the Boards of Instruction to communicate with the State Commission with a view to establishing through their co-operation, schools for the teaching of English to alien registrants.

S. J. Lubin, commissioner of immigration and housing for the State of California, points out the fact that the last draft revealed that thousands of registrants within the state and hundreds of thousands within the United States are unable to understand the language of the country, that there are at present at Camp Kearny 500 inducted men who can not understand English. Commenting on the matter, he says:

"The Commission of Immigration and Housing feels a deep responsibility in this matter and it is planning to take up as a part of its program of Americanization a scheme for preparing the potential soldier as far as possible at least in the matter of language. The first step under this plan is to know just where it can put its fingers upon the men of draft age who are likely to be called upon to serve in the army."

NEWS OF CHASE STORY

Chase Stimson Story of 1720 West Broadway enlisted and was inducted into the army in the Signal Corps. Aviation, on March 8, 1918 at Rockwell Field, North Island, San Diego. He was transferred to March Field, Riverside, June 1, 1918, and is now first class private in "A" Squadron Air Service, March Field. He is employed in making propeller blades for aeroplanes, is a graduate of Glendale Union High School, Class of 1915, and was a student of Throop College, Pasadena, at the time of enlistment. Chase is playing in the Field Band.

DON'T FORGET ARMENIANS

Editor "News":

In our "drive" for funds for Armenian-Syrian Relief, made in Glendale a few months ago, nearly \$1000 in cash and pledges was raised. In addition to this, quite a large number of pledges had been previously made through the churches and schools, and I am writing this so that in the many calls for money, the payment of these pledges shall not be overlooked.

This is a matter of pure charity, but how can we, who live in this beautiful country, with the war 6000 miles away, be deaf to the cry of the starving millions of men, women and children, whose nationality, even, has been destroyed?

Another drive for this great need will be made this fall, and I hope Glendale will respond more generously. Comparatively few are making a regular contribution.

DR. GABEIN

NOTED BIBLE STUDENT SPEAKS AT THE PRESBYTERIAN CHURCH

The Bible Conference at the Presbyterian church continued yesterday with Dr. Gabein the speaker. "How to Read and Study the Book of Revelation" was his subject at the afternoon session. In part he said:

The Book of Revelation is a great book, without which the Bible would be unfinished and have the impress of human authority and human failure, and Genesis with its great questions would remain unsolved. It is the Revelation of Jesus Christ.

To those who read and hear this book, God promises three great blessings:

1. Brings us closer to the person of our Lord, and gives us one of the most glorious visions of Jesus Christ given in the whole Bible.

2. Teaches us what is in store for the wicked one and shows forth the judgments, wrath and tribulation which will be the portion of the unbelievers left on the earth after the taking away of the saints.

3. Shows a most glorious vision concerning the future for those who love Christ and look for His second coming.

Prophecy is history rewritten, and in Revelation we have a great prophecy concerning the future of the Church, the Jews and the Gentiles.

In Chapter I John has a vision of the glorified Christ and then he obeys God's command and writes down: (1) what he had seen; (2) the things "which are"; (3) and the things to come after. Chapters 2 and 3 describe the state of seven churches of John's time and which are also examples of the characteristics of the Church from the beginning of time down through all the ages. In these messages, the seven churches, the Spirit of God depicts what is now on the earth, the Church.

From Chapter 4 on to the end of Revelation we have prophecies, as yet unfulfilled.

In looking at these messages to the churches, we must study them, not from a purely historical standpoint but in regard to their prophetic meaning. In this way we see:

(1) Ephesus, which had left its "first love," or its passion for the person of Jesus Christ;

(2) Smyrna, which typifies the

FAMILY REUNION

Mr. and Mrs. A. E. Patch of North Belmont street held a family reunion and birthday dinner at the Jewel Cafe, 637 East Broadway, Sunday, September 22, at 2 p. m.

The table was set in the banquet room of the cafe and was decorated with pink and white carnations carrying out the color scheme of the room. In the center of the table, resting on a bed of ferns and carnations, was a large, beautiful pink and white birthday cake conveying birthday congratulations, a surprise, to Mrs. V. V. Hartley of Los Angeles, a daughter of Mr. and Mrs. Patch. Favors of pink carnations and fern marked the place of each guest.

Those present were Mr. and Mrs. A. E. Patch, Carl Patch of Chicago, Leslie L. Patch of Camp Kearny, Harvey Reed Lewis, a grandson of Mr. and Mrs. Patch, Mr. and Mrs. V. V. Hartley and little daughter Virginia, of Los Angeles, Mrs. George Harrison and two sons, of Glendale, Mr. and Mrs. Fred Anderson, Miss Hazel Anderson and Doc Anderson of this city.

As A. E. Patch, who is watch regulator for the Santa Fe Railroad at Gallup, New Mexico, Carl Patch, who is a traveling salesman from Chicago, and Leslie L. Patch, who is stationed at Camp Kearny and expects to go somewhere in France soon, came home especially for this occasion, there was a family picture taken of those present as a remembrance of the occasion.

A DRUNK PAYS PENALTY

When asked for news of the police department, Chief Herald yesterday declared its records had only minor matters concerning dogs, speed maniacs, and the petty larceny of watermelons and candy. The only exception was furnished by J. P. Roderegue, who was taken from a car at the P. E. station Sunday night dead drunk and turned over to the police. He was in such a state of stupor from alcoholism that it took two men to carry him to the machine by which he was conveyed to the lockup. He came to, Monday morning and said he was from Ivanhoe, but was kept in confinement until this morning, when he was tried before Judge Lowe, who gave him the alternative of ten days' confinement or \$10, and he elected to pay the \$10.

BRITISH OCCUPY ACRE IN PALESTINE

TURKS STILL FLEEING BEFORE EAST INDIAN, AUSTRALIAN, NEW ZEALAND AND JEWISH TROOPS

(Special Service to Glendale Evening News)

LONDON, September 24.—British forces in Palestine have occupied Acre and occupied a seaport 22 miles northeast of Nazareth which is the terminal of the railway from Vera.

Australian, New Zealand, East Indian and Jewish troops pursuing the Turks fleeing eastward from the Jordan towards Amman, have reached Essalt, forty miles east of Jerusalem, where they captured guns and prisoners.

British cavalry have occupied Haifa, taking many additional prisoners. Arab forces have occupied Maan.

In Macedonia the campaign offensive "is continuing successfully" according to an official Serbian statement.

The Allies continue sending forces across the Vardar river and the Serbians have reached important points on the Grasko-Prilip railway.

The Serbians alone have captured 12,000 prisoners and 140 guns.

Italian forces operating on the left flank of the British, advanced ten miles yesterday.

BRITISH REPULSE GERMAN ATTACKS

IMPROVE THEIR POSITIONS NORTH OF MOEUVRIS AND IN FLANDERS

(Special Service to Glendale Evening News)

LONDON, September 24.—Field Marshal Haig today reported that a strong German attack under artillery fire south of Gavrelle was repulsed. The British improved their positions north of Moeuvres and in Flanders, regaining a portion of the old British line. East of Vermand sharp fighting resulted to the advantage of the British.

GERMANS PREPARE TO GIVE UP ST. QUENTIN

AUSTRIAN FOREIGN MINISTER BURIAN CHARGES THAT PRESIDENT WILSON SEEKS TO BE WORLD ARBITER

(Special Service to Glendale Evening News)

COPENHAGEN, September 24.—General Ardenne, writing in the Berlin newspapers, declared the Americans have completed their artillery concentration at St. Mihiel and a new attack may be expected soon. He also said that Germany probably will abandon St. Quentin.

Burian, the Austrian foreign minister, in a statement in the Berlin newspapers, declared he was not surprised at the rejection of the Austrian peace offer.

He declared that President Wilson was trying to become the arbiter of the world and that was the reason Wilson answered so quickly.

"The Hindenburg line will hold, but we must neglect nothing that will bring peace nearer," he said.

GERMANS SUFFER REPULSE

BRITISH CAPTURE TWO HUNDRED PRISONERS, GERMANS LEAVE ONE HUNDRED DEAD

(Special Service to Glendale Evening News)

WITH THE BRITISH ARMY IN FRANCE, September 24.—The German attack east of Epehy today, was repulsed, the British taking 200 prisoners and the Germans leaving 100 dead on the field.

SPANISH INFLUENZA IN CALIFORNIA

BOSTON SCHOOLS CLOSED ON ACCOUNT OF EPIDEMIC WHICH IS THOUGHT TO BE UNDER CONTROL IN CHICAGO

(Special Service to Glendale Evening News)

SAN FRANCISCO, September 24.—The first case of Spanish influenza arrived in California this morning. It was that of Edward Wagner, who came from Chicago. Wagner was isolated by the Board of Health.

BOSTON, September 24.—The schools here were closed at noon today on account of Spanish influenza. One hundred deaths have occurred during the past twenty-four hours. Seventy new cases developed among the sailors. The warm weather has failed to decrease the spread of the disease.

CHICAGO, September 24.—The Commander of the Great Lakes Navigation Station today declared that the Spanish influenza epidemic here has been controlled. Three hundred and twenty cases were reported in the last twenty-four hours against four hundred and forty in the preceding twenty-four hours.

CONSUL GENERAL POOLE REACHES SWEDEN

(Special Service to Glendale Evening News)

WASHINGTON, September 24.—Consul General Poole from Moscow has reached Helsingfors and will be in Stockholm tomorrow, according to a State Department dispatch.

BULGARIANS ADMIT RETIREMENT

SOPHIA, September 24.—The Bulgarian War Office today officially admitted a retirement between the Cerna and Vardar rivers.

FESTIVAL RETURNS

REPORTS FROM CHAIRMEN INDICATE A LARGE SUM WILL BE REALIZED FOR RED CROSS

Reports coming in from chairmen of the various booths at the Harvest Festival make interesting reading and show that the ladies worked hard and that the public was generously responsive. The returns from all are astonishingly large and indicate a much larger donation will be made to the Red Cross than the promoters imagined would be possible.

Mrs. Crampton who managed the famous "Feed the Goose," concession had hard work to keep up with the demands and had to close down Friday night because she ran out of stock, but a donation of fresh prizes enabled her to again please the little folks Saturday with this wonderful bird. She cleared \$30 on this attraction, which was an excellent return. Other reports are equally encouraging. No report can be obtained from the pageant because a good many tickets were out in the hands of vendors and until those are accounted for and all bills paid for expenses, which included the building of the theatre and the pay of the orchestra, which did not donate its services, it will not be possible to determine what the margin of profit was. Several other chairmen have reported, however, as follows:

Country Store Profits

Mrs. A. W. Beach, Chairman of the Country Store at the Harvest Festival, wishes to thank all individuals, separately and collectively, for their very generous donations and assistance. She feels that the merchants and druggists of Glendale deserve honorable mention for their liberality. To Mrs. C. O. Pulliam and Mrs. Harry Howe, who worked faithfully from Friday morning until Saturday evening at 12 o'clock, she feels that special thanks are due. Mrs. Pulliam also worked several days before the Festival with another good little worker, Mrs. Rudy, soliciting for the store.

Professor H. L. Howe as Ebenezer Cornstossel proved a most efficient salesman and drew down the cash Friday and Saturday evenings. Mrs. Meeker, Mrs. Gregg, Mrs. Hunchberger, Mrs. Martin and Mr. Pulliam also helped the good work along and the committee was more than glad to have their assistance. The net proceeds of the store which have been turned over to the Red Cross are said by Mrs. Beach to amount to \$101.91.

Apron and Holder Booth

Mrs. H. L. Clotworthy, who was chairman of the apron and holder booth at the Harvest Festival, where the pretty gingham dress made by Mrs. Waite was on display to be given to the purchaser of a holder who chanced to secure the one bearing the lucky number which should be drawn at the end of the affair, reports that three numbers were drawn to insure finding a claimant in case the first number failed to show up. These numbers were 54, 89 and 14. The claimant is required to bring the holder bearing the number to the Red Cross headquarters over the Bank of Glendale, where the dress now is.

Mrs. Clotworthy also reports that the apron booth cleared \$44.60, which is better than she expected it to do. She was assisted by Mesdames Frank Hester, C. E. Harlan and Charles Glover.

Hot Dog Booth

Mrs. A. S. Chase, who had the Hot Dog Booth at the Harvest Festival, reports a remarkably successful sale at which 95 pounds of wienies and Liberty steak were disposed of in sandwiches. The gross receipts were \$76.75 and net returns will be \$50. This large profit was due to the fact that so many donations were received and the stock secured at such low figures. In this connection, Mrs. Chase gives credit to the Cudahy Company of Los Angeles, which she says sold the wienies at 18½¢ per pound, or 2¢ less than wholesale, while the Glendale Market sold the Liberty steak at 2¢ less than usual selling price. Groceries were secured from Shaver's at wholesale prices and the Gordon Bakery of Los Angeles donated 12 dozen buns. Nash & Co. donated six dozen buns and the expressage on the wienies. Hill Brothers gave the coffee and Music's Dairy furnished the cream. For the stove used by Mrs. Chase, she was indebted to Mrs. Charles Toll. Ladies on the sandwich committee who assisted Mrs. Chase were Mrs. Patterson and Miss Irma Patterson, Miss Gifford of Boston, Mrs. Earl Bryant, Mrs. E. D. Yard and Mrs. W. F. Nash.

WEATHER FORECAST—Fair and warmer tonight and Wednesday.

PATRIOTIC MEETING

SPEAKER FROM THE WESTERN FRONT SECURED FOR THURSDAY EVENING

Thursday evening of this week should be a very important one to all the patriotic people of Glendale. Two most enjoyable and interesting programs will be combined into one.

The regular weekly community singing led by Prof. Kirchofer has come to be a night looked forward to by many of the best people of the city. The singing is entered into with zest by everybody who attends, whether he is able to sing or not, and is a valuable thing to any community. Led by Mr. Kirchofer, it becomes a real treat to have a part in it.

On next Thursday evening, however, an added attraction will be there, viz., an address by one of our returned warriors from the Western Front, who is serving his country on this front for a little while, and will tell us why we should "come through" in the purchase of the Fourth Liberty Loan.

We all need to keep enthused and inspired by the deeds of our boys and of our Allies, and there is no better way to accomplish this than by hearing from one who comes direct from the scene of action. We have a duty to perform, as well as they, and the chief of these is the financial support of the government in the purchase of Liberty Bonds. As this next drive is right upon us, we must be getting busy. Be sure to be in your place at the High School on Thursday evening as a starter in the campaign.

WAREHOUSE OPEN FOR BELGIAN CONTRIBUTIONS

The Salvage Warehouse back of the Pacific Electric station will be open every day this week from 10 a. m. to 5 p. m. to receive clothing donated for the Belgians. An urgent call has been sent out from the National Red Cross for donations of this sort, garments that are warm and durable. The givers are not asked to repair them. That can be done overseas by the thousands of women who are needing work and who are glad to get a chance to do it, but the government asks givers not to waste vessel room or the time of Red Cross workers by sending in flimsy articles which will be valueless for winter wear. Underwear is desired, and stockings, suits and coats for both men and women. When the numbers of the prisoners captured are taken into account, and the repatriated populations of the re-occupied French territory, it is easy to understand the great need of clothing to cover the nakedness of these destitute people, who have been robbed of everything by the Hun.

TALK OF PIONEER DAYS

The Old Settler's Picnic which took place at Echo Park last Saturday was not as well attended as usual. Those who went had a good time, however. Among those present was Earl Burch, who in the early days of the settlement of Glendale and Tropic resided on Ninth street. He had a number of interesting things to relate in regard to pioneer days. Mr. Burch and his mother recently came from Las Vegas, New Mexico, and both are residing at present in Pasadena. They expect to make their home from this time on in Southern California, but have not definitely determined where they will locate. He thinks there is no place like Glendale, and they may eventually come here.

GLOOMY OUTLOOK

Mr. Marshal, agent for the Dodge automobile, takes a rather gloomy view of the outlook for auto agencies in general. He says there is still a demand for machines but they are not obtainable because so many manufacturers, including the Hudson, Packard, Cadillac, Peerless, Ford and others, have ceased to turn out cars for the public and are confining their activities to government work. This of course makes a short supply of all machines, which are taken by the eastern trade before they have a chance to get to this coast.

ELOPEMENT

Irate parents are looking for two young people who eloped last night with the probable intent of becoming one by marriage. The boy in the case was Louis Verdugo of 621 Glendale avenue (Tropic district), and his companion in flight was Miss Grace B. Ream, whose family have recently moved to Glendale and who is said to be but fifteen years of age. They left about eleven p. m. Monday night in a runabout borrowed from Mr. Walker, brother-in-law of Louis Verdugo. The matter was referred to the city police, who are trying to trace the couple.

A WONDERFUL AND IMPORTANT CAMPAIGN

There is about to be inaugurated a very important campaign for the raising of money with which to prosecute the war.

Scarcely is it possible for us to rise to the significance of the event, the success of which means the winning of the war. The millions of soldiers are doing their part, but they can only do their part successfully when they are properly clothed and fed and furnished with ammunition and arms.

The people of the United States will step forward to a war-winning task Saturday. That is the time when every citizen has the privilege of taking a part in the great conflict, and where lives the man whose heart does not beat in sympathy with the cause of freedom? The intensity of the heart throbs can be best indicated by the dollars invested in United States bonds during the coming drive. Buy willingly, buy liberally and buy promptly. Do not allow a man to spend his time to call upon you to explain why you should buy bonds, but go to headquarters the first day and subscribe and then go out and get others to subscribe. Dollars are needed and needed right now.

YOUR CHANCE TO HELP

The coat, the suit, the undergarment you do not actually need—is it ready for its trip to Belgium with other superfluous articles of clothing from American homes everywhere?

Ten thousand men, women and children in Belgium are suffering for the things that hang idle in thousands of closets.

The American Red Cross is undertaking to collect 5000 tons of used clothing in the United States in response to a call from Herbert Hoover, Commissioner for Relief in Belgium. Hoover cabled to Henry P. Davison, Chairman of the War Council, American Red Cross, that without this aid many will die from exposure this winter in the stricken country.

This week will tell the story. From today until next Monday, Red Cross chapters will collect the garments and material that have been called for in the relief work.

A warm cap that will keep a kiddie's ears from the cold, a coat that will shelter some woman or weakened man from weather much colder than in this state, almost any discarded garment, will be appreciated. The Pacific Division, which includes the states of California, Nevada and Arizona, needs 350 tons of these garments.

WHAT TIME HATH WROUGHT

It is only ten years ago that the Anti-Saloon League was organized in Kern County. Its members were derided in the throne room of the old Board of Supervisors as being only the "rag-tail and bob-tail" of the county. This was the first clash. The dregs got nothing, except a rebuff which filled them with tremendous energy. At that time there were road houses all over the county. Every town almost had a saloon and the brewer's boosters were everywhere. Saloon licenses were granted in towns against the strongest protests, until the people began to rise in revolt. The women were given the ballot. And the Supervisors began to see the light. One by one the licenses began to die off, largely because of lack of support, and because of voting dry the precincts. And with the fading of the saloon signs, the old honky-tonk, tolerated for years because of special powers in the throne-room, also began to die out, until in the year of our Lord, the 1918th, the end of the whole liquor business is plainly in sight.

To show the sentiment of the local business district, a merchant who is notoriously wet, and has so voted, and will so vote, stated just this week that "saloon licenses are not worth 10 cents on the dollar in California."—Bakersfield Echo.

Once again our Government is asking for our money. The Fourth Liberty Loan, to be opened for subscription September 28 is our opportunity to lend.

With the faith that characterizes her progress, our nation has called for a sum larger than any of the previous loans called for—a sum larger than most of us can comprehend.

Six billion dollars, for the immediate use of our army and navy departments, is the minimum with which the Government can be satisfied at present.

As yet, we have not begun to feel the burden of providing the government with funds. Neither as a nation nor as individuals do we come in the class with the other belligerents in the matter of financial obligation.

ANNIVERSARY OF FOUNDING OF S. F. MISSION

Sunday, September 8, 1918, marked the 121st anniversary of the founding of the San Fernando Mission. One hundred and twenty-one years ago Sunday on September 8, 1797, Father Lasuen of Santa Barbara founded San Fernando Rey de Espana, with fitting ceremonies. Among the distinguished guests present on this memorable occasion was Father Francisco Dumetz, one of the last survivors of the illustrious band of Franciscan Fathers who came to California with Junipero Serra.

San Fernando Rey de Espana grew and prospered, and duly became known as one of the richest missions, having huge granaries filled with the riches of the harvest of the fertile lands, which became famous as the most prolific in the San Fernando Valley.

Unrecorded history has it also that the first gold ever mined in the State of California was known to be in the possession of this mission, having been secured by the Indians in the surrounding mountains. This was many years before gold was discovered at Sutter's Mill and the stampede of '49. What became of the hoarded golden treasure said to have been accumulated for many years and hidden away in the San Fernando de Espana, is not known. Searching parties have at times searched and dug in the earth in the vicinity of the old mission for this alleged treasure, but if any of the delving parties were ever rewarded, history sayeth not.—San Fernando Press.

FRANCIS TRUTH, THE MASTER MIND, COMES TO GLENDALE

Scientists and investigators of all sorts have for years tried to ascertain how the noted healer was able to cure the cripple on one of Boston's crowded streets without any visible means so that the boy of twelve threw away his crutches and walked away unaided.

Some said it was done through the healer understanding the use of his mind over matter; some said it must be a divine gift, therefore it was divine healing; then there were others who said: the boy was a cripple, that we know; now he walks; that is enough, and the crowds followed the healer to his home in Boston. He went to Denver. They filled the street in front of the house, many staying all night to be ready for the next day, and so it was in San Francisco, Los Angeles, and even the large cities of Europe were no exception.

Mr. Truth comes to Glendale every week to treat privately. He does not have offices for he could not be there, as his time is devoted to the alleviating of suffering, and his time is never his own.

The healer loves to do good and never turns away from any whom he is convinced he can help sufficiently for the effort.

Mr. Truth's co-workers are everywhere. Those interested to meet Mr. Truth personally may phone Sunset Wilshire 5586 asking for the secretary, who will arrange for a meeting in the near future. Mr. Truth will see any one interested without charge and does not accept gifts for healing unless the case is a curable one through the hidden powers of concentration.

Mr. and Mrs. W. N. Bott made a flying trip to Long Beach Sunday by auto to visit their daughter; Mrs. L. C. Leeds.

The city treasurer, J. W. Stauffer, is taking a vacation from his work and expects to be away about two weeks.

Mr. and Mrs. E. L. Tuck, who are house guests of Dr. and Mrs. R. V. Hogue, have gone to Long Beach for about a week.

The City books are being audited by a representative of the Loomis Company, who will probably be kept busy at the City Hall for about three weeks.

Mr. and Mrs. Wm. Hyatt are in happy anticipation of a visit from their daughter, Mrs. M. H. Vance and her son Albert, of Yolo county, California.

Mrs. and Mrs. E. U. Emery entertained at dinner on Sunday, Dr. and Mrs. A. L. Bryant and their sons Deane, Hugh and Albert. The floral decorations of the table were in the national colors.

James W. McBryde leaves this week for Ft. Worth to take the place of another registrant sent forward for limited service from this district who has been rejected. Mrs. McBryde will make her home with her mother, Mrs. Mosher, after he leaves.

Mrs. Mary Chadwick, her daughter Florence and her grandson Berna Martin leave today for Berkeley, where Berna will enter the State University. Berna was graduated from Glendale Union High School last June and is one of the recent registrants.

Miss Vera Bayard, who was graduated from the Normal last June, is now teaching at Ashforks, Arizona. She has forty-two pupils, most of them white, but sprinkled with Mexicans and Chinese. She likes her work very much and is delighted with the climate.

Miss Gladys Hamilton of Acacia street is teaching in Newcastle. She had expected to return to the Acacia street school, but when on a visit in Newcastle was persuaded to remain there at a higher salary. Her place here has been filled by Miss White, a teacher from Chicago.

Mrs. McMillan, recently from Illinois, and daughters Helen and Julia had a very enjoyable trip to Redondo Beach with friends Saturday and had their first dip in the ocean. Mrs. McMillan is expecting her husband and son who are making the trip in a Studebaker six. Their present home is at the Hyatt place, 552 West Broadway.

The Commercial Department of Union High is going over the 8000 cards prepared for previous Liberty loans in preliminary work for the Fourth Liberty Loan drive soon to be launched in Glendale. The work has now been reduced to a fine system and it will probably go through with a rush and a bigger investment in government securities be made this time than ever before.

Mr. and Mrs. Walter Sullivan of 101 North San Fernando boulevard, Tropic district, received with joy a third little daughter, brought by a stork Monday. She has two sisters and a brother who were astonished enough to find the little stranger when they returned from school. They are now trying to locate a name good enough for her.

Will King of Riverside was the guest at dinner Monday evening of Mr. and Mrs. Joe Griffin of Acacia avenue. He is the interior decorator and artist of the Glenwood Inn and came to California from Ohio, where years ago he was the neighbor of Mrs. Griffin. He had much to tell of old times and old friends and the visit was a great pleasure to all.

Details have just been learned of the sale of the H. & A. store. Its owners had intended to dispose of its stock at retail, but a Pasadena merchant who was putting in a line of stationery in that city persuaded them to turn over stock and fixtures to him, which they were glad to do. They are now resting and taking a vacation from their strenuous labors and have as yet made no plans for the future. Their mother, Mrs. Mattie Anderson, is spending the week with friends in Covina.

Robert McGee reports that his son Lewis is still on the Destroyer Decatur in Mediterranean waters, that he has had opportunity to see the Italian cities and even been through the West Indian waters, but that owing to the severity of the censorship he has written no details of his sight-seeing. His family only know of his travels by the picture postcards he has sent them. He would like very much to get transferred to the army and get onto the fighting front, but there does not seem to be much chance that his hopes will be realized.

Dr. Matthew Campbell of Los Angeles, brother of Daniel and Arthur Campbell of Glendale, passed through Los Angeles Monday on his way from Fort Riley, Kansas, to Camp Kearny, where he will be known as Captain Campbell.

The Red Cross has sent an additional list of articles which are desired in the clothing line for the Belgians. These include muslin underwear and stockings for girls, hooded caps, pinafores and woolen union suits, infants' clothing of all sorts, and bedding—sheets, ticks, pillow cases and blankets. Men's shirts and pajamas which can be made over for children will be acceptable, and woolen goods of any sort, also soft hats.

George Grist, who has been transferred to Camp Eustace, Va., where he arrived about a week ago, is quite homesick. He writes that he likes the climate and thinks it is going to agree with him, but he wants the home paper and he wants letters, the more the better. He says the camp is all right; it's only that his friends are so far away and it's different. His sister, Mrs. Pierce, has also received letters from her husband, the first since his arrival in England. He reports a safe journey and smooth passage which all the boys enjoyed greatly, and encloses the letter he has received from King George.

FACULTY PICNIC

Monday afternoon after all school sessions were over, members of the faculty of Glendale Union High went to Echo Park for their annual picnic and social function to welcome the new teachers. The chefs of the occasion were Professors Harry Howe and George Moyle, and Business Manager Irving Oliver, and those who were there testify to their skill. The supper included meat loaf, Spanish beans, apple pie a la mode, and all the accessories. About thirty-nine enjoyed the spread, practically all the members of the faculty and a few congenial friends. They returned to Glendale about 8:30.

LEAVE DISHES AT RED CROSS SHOP

All dishes not called for at cooked food booth Saturday evening will be at Red Cross Shop on Brand boulevard near postoffice. All having cooked food dishes belonging to others, should leave them also at the Red Cross Shop.

MRS. A. M. HUNT,
Chairman.

BIBLE CONFERENCE

Dr. Gabelein, speaker of the Bible Conference at the Glendale Presbyterian church. Let us, as a community, make the most of this opportunity of hearing Dr. Gabelein, a wonderful man of God, who has given his life to the study of the Bible.

Those who heard his discourses on Monday afternoon and evening on "How to Read and Study the Book of Revelation" and "The Work of Christ, His Incarnation and Sacrificial Death," will not miss the continuation of these subjects this afternoon at 3:30 and tonight at 7:45. Bring your friends and share this treat with them.

Tuesday, September 24, 7:45 p. m.—"The Work of Christ: His Work on the Throne in Glory." Dr. Gabelein.
Wednesday, September 25, 3:30 p. m.—"Priesthood of Believers." Dr. Gabelein.

DO YOU KNOW?

Do you know that the Red Cross wants help in the Hospital Garment Department now, and very urgently. Do you know that the Red Cross wants old clothes this week for the suffering people in Europe.

Do you know that if you save and give all kinds of fruit pits and nut hulls to the Red Cross you may save lives of your own boys in France? The charcoal from these articles is used in the gas masks that protect the soldiers' lives against the Huns.

Do you know that turkey, duck, goose and pure white chicken feathers are of value and can be used at the Red Cross Salvage Department?

Do you know that there is no hour of the day that there is not an opportunity to do something for the boys over there through Red Cross work?

CHAPTER L. DAY

Members of Chapter L. of the P. E. O. are hereby reminded that tomorrow (Wednesday) will be the Chapter's day at the Red Cross headquarters.

MRS. R. E. CHASE,
Secretary.

DR. GABEILEIN

(Continued from page 1)
persecutions under the Roman Empire;

(3) Pergamos, the church that became married to the world and separated the clergy and the laity, through the instigation of Constantine the Great. This is exactly contrary to the real meaning and purpose of the church;

(4) Thyatira, where people were taught that the Church, and not Christ, saves. Rome is referred to here;

(5) Sardis, which represents the reformation period;

(6) Philadelphia and (7) Laodicea, churches which represent conditions at end of this age, when church will not practice what it professes. Exemplify rationalism or getting away from Bible.

But Christ will keep His saints from all this. Let us be true to Him so we may see the Lord in glory and be with Him.

At the evening meeting Dr. Gabelein spoke on "The Work of Christ, His Incarnation and Sacrificial Death." He said:

We see in this subject the finished work of Christ, His Incarnation and Sacrificial Death. He, the Son of God, by whom and for whom all things were created, was and is, alone, the one person fit and fitted to redeem man and creation.

In this redemptive work of the Son of God is the fulfilling of Old Testament prophecies. This work of Christ has a three-fold aspect: (1) past, the work he accomplished in going to the Cross; (2) present, in which he continues to work out something in connection with redemption, as our High Priest; (3) future work which he is to do as our King. So, if we deny the Old Testament as being the work of God, as many present-day destructive critics do, we deny Christ, we deny salvation by grace, and we deny redemption by blood. Just such denial and giving up of the word of God has brought Germany to her present depth of iniquity. Let us take a lesson from her and not lose sight of the redemptive work of Christ who brought back, as the last Adam, what the first Adam lost through sin.

The Incarnation, which is the foundation rock of the Gospel, was the creative act of God, by which He called into being a body (Jesus Christ) with life. This was done through the Holy Spirit and so we were given the Lord Jesus Christ, who was and is absolutely Holy, who could not sin because He is God. If we deny this virgin birth, then we have no Saviour, no revelation, no God. One purpose of Incarnation was to bring God to man; but to bring man to God needed something else, the Cross.

The Cross is not a simple thing, but gives us a vision of glory to make our hearts rejoice. Christ became sin for us, died on the cross, and so paid our debt of sin, the payment which is sufficient to save the whole world, past, present and future.

This debt has been paid, once for all, and in accepting Christ, we enter into possession of peace with God, through the blood of Jesus Christ. We are born again, we are his children forever. Not only that, but we are being kept from sin and the power of darkness now, and also we have our title to glory, in accepting Christ as our Saviour.

Christ's finished work has closed for us the gate of hell and opened the gate of Heaven. The Cross can not and will never be forgotten in eternity because it made us one with God. The message of the cross is this, that we glory in and exalt the cross always. Whatever rules out the cross is the work of the devil.

The cross also calls for our separation. We are dead unto the world and the world is dead unto us because we belong to another country. Let us live it—the life of sacrifice.

ITS FUTURE VALUE

The value of conservation in the home reaches far beyond the present war crisis. Its effect on American housekeeping will be felt for at least a generation to come.

Keeping house has been exalted to a profession. The purchase and preparation of food in the family kitchen not only has become worthy of, but demands, thought and training. Mothers are seeing to it that their daughters shall learn how to market and cook with intelligence and economy.

A Simmons College girl writes: "During the summer I am being employed by a private family to teach the four daughters, aged thirteen, fifteen, seventeen and eighteen, housekeeping, with emphasis on cooking. The meals have been prepared entirely by the girls, there being no cook. We have tried to keep strictly to the requests of the Food Administration."

A FINE DISCUSSION

"Very interesting conversation in here?" asked papa, suddenly thrusting his head through the conservatory window, where Ethel, Mr. Tomkins, and little Eva sat very quietly.

"Yes, indeed," said Ethel, ready on the instant with a reply. "Mr. Tomkins and I were discussing our kith and kin, weren't we, Eva?"

"Yeth, they wath," replied little Eva. "Mr. Tomkinth thaid, 'May I have a kith?' and Ethel said, 'You kith!'"—Vancouver Daily Province.

A SUMMER FANTASY

We'll say that it is summer. They are out in a canoe. She is still knitting same as last winter.

Suddenly she gets clever. Smiling, she looks overboard. "Oh!" she cries prettily, "I've dropped a stitch!" She gazes perplexedly at the water. But he's clever, too. "I suppose," he grins, "you expect me to play purl diver."—Sun Dial.

ANYBODY'D MARRY HER!

Patience—"Some wedding, was it?"

Patrice—"It certainly was. You see Peggy had six men for ushers and she had been engaged to every one of them at some time or another."

Patience—"Odd, wasn't it?"

Patrice—"Yes, and she wouldn't let the organist play Mendelssohn's Wedding March."

Patience—"No?"

Patrice—"No, no. She had him play 'Hail, Hail, the Gang's All Here!'"—Yonkers Statesman.

PIG-HEADEDNESS

"This report claims that in some parts of Mexico it only rains once or twice a year."

"Please keep that report away from my husband. He's so pig-headed that he'd go there immediately and start an umbrella factory."—Louisville Courier-Journal.

Your hiding dollars are traitors to that flag-

Whose Fight?

THREE MILLION MEN—half of them in France—many more in training.

BUT IS THIS ALL THEIR FIGHT?

It takes ten men at work to keep one fighting man at the front.

It takes millions of dollars just to keep this army fed. It costs thousands of dollars every time one battery of big guns lays down a barrage.

Is it any wonder then, that the United States is spending at the rate of FIFTY MILLIONS OF DOLLARS A DAY in war and war plans? And with that grand total as the interest on a far vaster principal, which must support this colossal cost or all this task will have been in vain, whose fight do you think this is?

The man's in the trench? The fellow's on the supply train? The chap's on the gunner's deck?

NO, IT IS YOURS!

It is YOUR fight, Mr. Banker—YOURS, Mr. Manufacturer—YOURS, Mr. Merchant—YOURS, Mr. Mechanic—YOURS, Mr. Worker—YOURS, Mr. Farmer. This fight is yours, all of you who are left behind, as much or even more than it is the man's in the trench.

For that man, though three million strong, cannot raise a hand in the cause of democracy, he cannot even raise a hand in self-defense, except FOR YOU.

He is potent only as you are potent. He can fight only as you WILL fight. The difference is only this: HIS fight is expressed in nerve and ammunition, YOURS in work and dollars.

The Fourth Liberty Loan is the world's biggest drive back of the lines. It is the test of the financial reserves of this entire country of ours. It will gauge the power that you intend to put back of the fighting men in France for the next half year or more to come.

In fact it will show the value YOU place on the heritage of liberty, which three million men have taken up arms to defend FOR YOU to-day.

Take care when you sign that subscription blank for Liberty Bonds that the amount you set squares as nearly as it can with all your heart acknowledges this heritage to be worth to you.
